

## Working from home: Reception 11.05.20

### Numeracy basic skills – to complete frequently.

- Count forwards from 0 to 20.
- Count backwards from 20 to 0
- Number recognition to 20.
- Order numbers to 20.
- Find one more and one less than a given number.
- Practical addition and subtraction

### Literacy basic skills – to complete frequently.

- Share your favourite stories.
- Practise sound recognition (red books)
- Practise reading words (yellow books)
- Practise writing your whole name.
- Letter formation
- Robot talk e.g. find the c-a-t (Cat) d-o-g (dog) h-a-t (hat)

#### Literacy

Last week you practised hearing words that rhyme.

Can you write a rhyming string. (A list of words that rhyme)

How many words can you think of to rhyme with Jill? Are they all real words or have you included some alien words?

#### Literacy

Listen to the story of Handa's surprise in your Maths lesson. You can also find it on YouTube. Can you balance your bowl of fruit on your head? Re-tell the story for your family changing the fruit to your fruit.

#### Literacy/PD-Health and self-care/PSED

What is your favourite fruit? Why? What does it feel like? What does it look like? How does it taste? Can you describe the other fruits in your house? Sort them – Can you identify similarities and differences? You could finish by making a fruit salad like we did at school when we read Oliver's Fruit Salad. Do you remember that story? Another of our favourites is Kitchen Disco. Do you know any other stories about fruit?

#### Mathematics

Use your number line to add. Throw a dice and record the number, throw again and add it.

E.g. 6+3=

Start on 6 on your number line and then count on 6 more, what number are you on? 6+3=9

#### Mathematics

<https://www.thenational.academy/online-classroom/subjects/#subjects>

Develop your understanding of counting, sharing and equal groups. Over the week please access lessons 1, 2 and 4.

#### Physical development/ Expressive Art and Design

##### Design

Fan dancing is a tradition in China. Make two fans. (Instructions below)

Watch Arirang fan dancing on YouTube and have a go. Your family might like to join in too!

#### Understanding the World

This week we are learning about a different country on the other side of the world. What facts can you find out about China? Look on Twinkl – China fact cards. Espresso has information too. Or you can ask an adult to help you find facts using google.

#### Expressive arts and design

What fruits do you have in your house? Can you carefully draw/colour/paint a picture of them. Think carefully about their size and the different colours. What shape are they and how do they feel?

#### Expressive arts and design/ Understanding the World

##### the World

When you are out walking can you notice the changes around you? Spring is here. There are some beautiful trees full of blossom. Create a blossom tree picture – you could use your fingers to make blossom or print with something from home (corks are good)

## Useful links

Please continue to practise and learn your sounds. You can do this using your red 'sound book'. Also, there are videos of all the sounds being introduced on the school website.

<https://www.reidstreet.darlington.sch.uk/foundation/>

Daily, Read, Write Inc sessions are being uploaded to YouTube. In addition, there are stories three times per week (Monday, Wednesday and Friday). See the link below.

## How to make a Paper Fan

**Step 1** - Spread the paper out on a clean, flat work surface and plan your design. Traditional designs include birds with long, elegant feathers; cranes; koi fish; butterflies; weeping cherry trees; bonsai trees; and pagodas.

**Step 2** - Draw a design. Colour in to make it bright..

**Step 3** - Turn your paper so it's a long, vertical sheet. Fold up the last 1/2 inch of the paper. Flip the paper over and fold the folded edge of the paper up another 1/2 inch. Continue this way until the entire paper is folded into an accordion.

**Step 4** - Push the folds of the accordion together so you have a thick rectangle of paper. Wrap the bottom 1/2 inch of the rectangle with tape.

Now you have a fan!

You can make it even better by;

**Step 5** - If you have a stick (Any sort)

Glue the stick on either end of your paper accordion. Position one end of each stick right above the masking tape wrapped around the bottom of the paper accordion. The opposite end of each stick should stick out at least 1 inch beyond the untaped end of the paper. Allow the glue to dry overnight.

**Step 6** - Open your fan by pulling the craft sticks away from each other. Fold the sticks downward toward the floor and press them together.

This should create a circular
